## Professional Summary

Adaptable and growth-oriented B.Tech CSE (iMAD) student with hands-on experience in Generative AI, UI/UX design, web development, and embedded systems. Experienced in developing real-world AI tools and projects at SKILLiGENCE, focusing on LLM development, NLP workflows, and product-ready AI solutions.

Proficient in **C, Python, Figma, and AI prototyping**, with a strong passion for **learning by building**. Skilled in turning complex ideas into **user-centric, tech-driven products**, whether through hackathons, app development, or AI model deployment. Always seeking new challenges at the intersection of **technology, creativity, and innovation**.

## Education

B. Tech in Computer Science CSE (iMAD- Apple Mobile App Development), SGT University, Gurugram, India (2028)

## Technical Skills

Python, C, HTML, CSS, Generative AI, Large Language Models (LLMs), Prompt Engineering, AI Deployment, NLP, Figma, Wireframing, Prototyping, UI/UX Design, Arduino, ESP32-CAM, Sensors Integration, Git (Basic), Canva, MS Office

## Projects & Experience

- **Online FIR Assistant App (SIH Hackathon – Sep 2024)** – Built web app to help MP Police find relevant FIR sections and judgments.
- **Model Rocket (Synergy Fest – Oct 2024)** – Used Arduino Nano, ESP32 Cam, and sensors to calculate max height and optimize launch dynamics.
- **Technical Quiz App (Mini Project – Dec 2024)** – Command-line C program using functions to conduct quizzes.
- **Prahi – Luxury Wedding Website (Figma)** – Designed high-end fashion site with responsive layouts, visual hierarchy, and interactivity. ([View Project](#))
- **Mau – Pet Care App (Figma)** – Designed app UI including tracking, vet finder, and day care pages with prototypes. ([View Project](#))
- **Gen AI Workshop (DTU)** – Built and Deployed various mini-AI tools: text-to-image, story/poem generator, TTS/STT, translator using GPT models. ([View Projects](#))
- **Generative AI Intern – SKILLiGENCE EdTech Pvt. Ltd. (Jul 2025 – Aug 2025)** – Developing Generative AI solutions with LLMs, building original AI tools/packages, and deploying real-world applications focused on text generation, automation, and prompt engineering.

## Leadership and Extra Curricular

- **DreamTeam 2.0 (Apr 2025)** – Led sound & AV team, managed event logistics.
- **Holi Fest (Mar 2025)** – Helped in script writing and coordinated fest activities.

## Certifications

- **C Programming Certificate**
- **Gen AI BootCamp (DTU)**
